Message from the Founder

Towards the Journey of Bhartiya Boudha Seva Sangh (BBSS)

Dear Friend of

The journey of Bhartiya Boudha Seva Sangh (BBSS) at Dhambhumi, Kelzar, Wardha, began with a simple yet powerful vision — to create an enlightened society rooted in wisdom, compassion, and social justice. Inspired by the teachings of Gautama Buddha and the constitutional, humanitarian vision of B. R. Ambedkar, BBSS was founded with the belief that true transformation begins with education and moral awakening.

What started as an initiative to strengthen educational opportunities within the Buddhist community has gradually evolved into an inclusive movement serving all communities, beyond caste, creed, or religion. Our commitment is not only to academic excellence but also to nurturing character, discipline, ethical conduct, and social responsibility among youth.

Through initiatives such as the Shraman Education Project and other developmental programs, BBSS strives to bridge the gap between knowledge and values, tradition and modernity, aspiration and opportunity. We believe that education must empower individuals to think critically, act compassionately, and lead responsibly.

The journey of BBSS is not merely an institutional path; it is a collective mission. It belongs to every teacher who guides, every student who aspires, every volunteer who serves, and every well-wisher who believes in the power of righteous action.

As we move forward, we remain steadfast in our resolve to build a society grounded in equality, wisdom, and fraternity — a society that reflects the light of Dhamma and the spirit of social justice.

Let this journey continue with determination, unity, and unwavering faith in the transformative power of education and service.

– P.S. Khobragade, Founder
